YOU'VE ALWAYS LIKED THE CONVENIENCE  
OF IMPRINTED STAMPED ENVELOPES.

NOW THERE'S MORE CONVENIENCE TO LIKE.

As a customer, you already know how handy Customized Embossed Stamped Envelopes can be -- they do not need stamps since First-Class postage is embossed on the envelopes.

Now, what makes these envelopes even more convenient is that you can order them directly from the U.S. Postal Service.

Rather than making a trip to the Post Office, all you have to do, in fact, is look inside this folder and tell us on the enclosed order form which envelopes you'd like. Then return the form to us with your check or money order.

You'll have your envelopes within two to three weeks after we receive your order. Custom imprinted with your name and address or your company's name and address in a handsome, boldface typestyle, with the first line of your address in bold face type.

The envelopes are inexpensive, too -- from \$108.85 per box of 500. And since that includes \$100 worth of postage, the custom imprinting, the shipping, the handling, even the envelopes themselves, we can't think of a better deal anywhere.

So take a look at our complete product line illustrated in this folder.

Then why not place your order today? Not only do we guarantee fast delivery, we guarantee your satisfaction, too.

Sincerely,

Gordon C. Morison  
Assistant Postmaster General

## Simple and convenient.

As you can see, each of the First-Class stamped envelopes we're offering you never requires postage stamps.

They already have them — embossed in either the Capitol Dome design or the Great Seal of the United States.

But that's just part of the convenience. Now the envelopes are available from the Postal Service by mail — so you no longer have to go to the Post Office to order them.

That's a benefit everyone will like. But there are, others, too.

## Custom Imprinting.

You can have up to seven lines imprinted in the return address portion of the envelope. You can have two lines of advertising for your company if you like. Or perhaps a title, apartment or phone number for yourself.

And all printing is done in black ink and in the handsome typestyle shown on the envelopes illustrated here.

## Imprinting

Typewrite or print clearly your return address exactly as you want it to appear on your envelopes.

Lines 1-5 may include name, title, room and floor numbers, phone number (immediately above the local address), or two lines of permissible advertising (between the name and local address). A request for address correction may also be printed as well as a request to "Return to Sender" after a certain number of days — not less than 3 days or more than 30 days.

The last two lines must be used for street address or P.O. Box and the city, state and ZIP Code.

**No line may exceed 47 characters and spaces. And the total number of lines may not exceed seven. If you wish to have your new ZIP + 4 Code, check this box.**
