Attention Joe Hickerson

Dear Joe:

Would it be possible for you to supply me with a full run of the "News-letter of the Folklore Society." Naturally I would like to have gratis copies, but if this is not possible then drop me a line in advance informing me of the cost. I will then make a decision about the purchase .

I still remember the courtesy which you and Gus Mead extended me when I was in Washington in September, 1968. I hope to see you both at the Atlanta meeting in November.

Sincerely,

Lyn Montell
