Lisa Neustadt
Boston Folklore Society

Dear Lisa,

In applying for a National Endowments For the Arts Grant we are trying to get our records straight and are writing to your Society in regard to reciprocal memberships. We are not sure whether we have a reciprocal agreement with your Society or not. Do we? If not would your membership be interested? This would entitle any identification-bearing members to attend our monthly concerts free and would admit them to our Special Events Concerts at the reduced rate for members. If you are interested please let us know what benefits your Society would extend.

We look forward to seeing you at the Getaway. It really looks good. Keep your fingers crossed for good weather.

Sincerely,

Caroline Hoover
