MANITAS DE PLATA/OCTOBER 23

Manitas de Plata, gypsy guitarist, will appear on Thursday, October 23 at 8:30 PM at Lisner Auditorium, 21st and H Streets NW. The concert is co-sponsored by FSGW and Stanley-Williams Presentations.

Manitas de Plata is a true gypsy, who can neither read nor write. He lives among his tribesmen in Montpellier, France. He began playing guitar at age nine. After being recorded by an American company he became a sensation until he abruptly ended his concert career: a combination of superstition and the desire to return to his fellow gypsies.

Manitas de Plata has returned to the concert circuit, and local audiences will have a chance to hear his unique combination of flamenco guitar with overtones of jazz, oriental music, and a touch of the classics.

FSGW members are entitled to a 25% discount on tickets, but you must order through the mail to receive your discount. Fill out the coupon and send it with a stamped, self-addressed envelope and your check, before October 17, to: Stanley-Williams Presentations, 1715-37th Street NW, Washington, DC, 20007.

WORKSHOPS WILL START SOON

The Folklore Society will organize more workshops this year, beginning in November. Most would be on a one-time basis, but if there is interest we could organize some short courses not otherwise available through local recreation departments. Note: many recreation departments offer courses on folk instruments, so check with them if you have specific interests. Call me at 270-2217 if you have requests, ideas, or suggestions for FSGW workshops.

*THE "X SEAMENS INSTITUTE"/OCTOBER 11*

On Saturday, October 11 at 8 PM the "X Seamens Institute," a quartet of singing sailors, will present an evening of songs and stories traditional to 19th century sailors. Ticket price is \$3, FSGW members price is \$2.50. Tickets are available in advance by writing to Edward MacIntosh, 816 Queen Street, Alexandria, Va., 22314.

*THE AMERICAN FOLKLIFE ACT*

Rep. Frank Thompson and Sen. James Abourezk have introduced a bill to Congress which would set up a National Folklife Agency under the auspices of the Library of Congress. This agency would have the dual purpose of preserving and presenting the different aspects of American Folklife.

The role of preservation would entail the accumulation and coordination of materials dealing with folksong, folktale, folkcrafts, etc. Since no other agency now serves this purpose, the new agency would have to recatalog collections already in existence (i.e. old photographs) and also begin indexing some of the collections outside the L of C that have been accumulating folklife materials.

Jerry Parsons, from the Archive of Folksong at the L of C, compared the role of presentation to the "outreach" programs that are becoming popular at libraries throughout the country. For example, the agency would probably be able to assist local municipalities in presenting folk festivals by providing technical, organizational, and program assistance, and possibly even loan sound or other equipment.

The bill passed in the House by a margin of 272 to 117. According to Sen. Abourezk's office, it (as bill S. 1618) is peacefully resting in the Rules Committee. If you would like to see this bill moving again, send a letter to your favorite member of the Senate Rules Committee. (Call Al Kehs at 935-5412 if you'd like to know who committee members are, or if you'd like more information about the bill.) Chairman of the committee is Sen. Howard W. Cannon, Dem., Nevada. We'll keep you posted on the progress of this bill.

*FOLK DANCING IN THE WASHINGTON AREA*

Last year there was a major increase in the number of members interested in folk dancing. One of our biggest problems has been the lack of information about local dancing. In the next issue or two of the Newsletter, we'd like to devote a section to listing places to dance. So, if you know of any Square, Scottish, Irish, Balkan, English, or any other folk-type dance groups in the area, please let us know about them, too, by calling Al Kehs at 935-5412 or Caroline Arlington at 270-9230.
