1976 CALENDAR DESCRIBES 625 FOLK FESTIVALS

We're pleased to announce the publication of the all-new 1976 Calendar of Folk Festivals and Related Events. A total of 625 events are listed in the new edition, which covers the entire United States and Canada -- including bluegrass festivals, fiddlers' contests, ethnic festivals, Native American events, crafts, cooking, story-telling and much more.

As before, the Calendar is arranged in a convenient, easy to use format, with all events for each state listed by date. Information includes exact locations, contact names and addresses, type of events at the festival, specific schedules, prices, whether it is an indoor or outdoor event, plus food and camping details. It is professionally printed and bound on durable paper, and includes attractive artwork.

The Calendar is available for \$2.50 postpaid. The price drops to \$2.00 each in quantities of 20 or more. For larger quantities, dealer inquiries are invited.

An NFFA individual membership can be obtained for \$5.00. Members receive a FREE copy of the Calendar and valuable newsletters issued during the year. Your membership will also support the NFFA in its many nationwide activities.

BICENTENNIAL EVENTS

- NATIONAL FOLK FESTIVAL
Vienna, Virginia
