OLD BUSINESS: Winters reminded us that we should follow up on the actions that came out of the Committee of the Whole meeting and get them done by June. Signing: Hutton moved "that we pay Bob Haun for the September program signing. Woods 2nd. PASSED. Winters moved to extend through June 30, 1983, the direction of our experiment for the deaf with interpreters at appropriate events and with budget restrictions as previously passed in October. Woods 2nd. PASSED. Signing at the Folk Archive Benefit was discussed. Some feel that the signer is distractive. The logistics of where on stage the signer is is important. It was felt that it is inconsistant not to have a signer at this program. Hutton moved that the Board recommend to the committee that if the logistics can be worked out and the approval obtained from the major performers, that interpretive signing be provided. Winters 2nd. PASSED. The sense of the motion is that if either of the major performers objects to their performance being signed, then the concert will not be signed.

GET-A-WAY: A report on arrangements for next fall's get-a-way was given by Gail McHenry. The Board was pleased with the very good report and accepted it. The committee is to continue with the arrangements.
